

NEVO^{SL}

New Evolution in Home Control

Nevo^{SL} is a universal controller that intuitively delivers complete audio visual and digital media control for the networked home. With feature-rich technology, Nevo^{SL} eliminates the need for multiple control devices. Built to evolve with the digital era, Nevo^{SL} is never outdated, and always ready to adapt to tomorrow's demands. Elegantly designed, Nevo^{SL} integrates both form and function to deliver an ultimate control experience through a simple, easy to use interface.

Total Control of Entertainment and Media Devices in the Home

- Built-in IR code database for A/V control
- Built-in Wi-Fi for digital media control
- Wireless multi-room control

NevoStudio™

A suite of PC editing tools that enable quick, intuitive and flexible customization for the Nevo^{SL} interface and control functions. Based on drag and drop operation, you can quickly create your desired design with extensive button and background galleries, or use your own. Even the editor layout is customizable to fit designer preferences. Site map visualization allows quick page link information so you always know how your pages navigate. Finally, remote function simulation will let you test your design scheme right within the Editor, and when you're ready to go, data will download quickly to your Nevo^{SL} device.

NevoMedia™

NevoMedia Manager™ is designed to work with media PCs to enable consumers to connect, control and interact with digital media anywhere in the connected home.

- Uses UPnP™ – standards
- Works with UPnP™ – compliant media adapters
- Runs on Windows® XP™ computing platforms

NEVO^{SL} PACKAGING CONTENTS

- Nevo^{SL} Universal Controller
- Charging Cradle
- AC/DC power adapter (110–240V, 50–60 Hz)
- NevoStudio™ and NevoMedia™ Software
- USB Cable
- Quickstart guide
- Instruction Manual

NEVO^{SL} SPECIFICATIONS

CPU	: Samsung 203 MHz Processor
Memory	: 32 MB RAM / 64 MB SDRAM
Interface	: LCD touch screen and 17 programmable backlit hard keys
Display	: 3.5" QVGA TFT with 64K colors (320x240 resolution)
Wireless	: Consumer InfraRed (IR) and Integrated Wi-Fi (802.11b)
Ports	: USB 1.1 compatible
OS	: Windows® CE.NET 4.2
Battery	: 1.350 mAh Lithium Ion
Power	: +5V DC 500mA
Dimensions	: 47.8 x 19.8 x 7.6 inches (l x w x h) : 188 x 78 x 30 mm (l x w x h)
Weight	: 0.095 lbs / 210 g
Certification	: FCC, CE, C-TICK, IEC
Model no.	: North America URC-N2376SL : Rest of the World URC-9970

NevoLink™ (sold separately)

An IP addressable Intelligent Bridge for wireless Home Theater control in the Networked Home that allows seamless control of devices in another room or within a cabinet.

Model no. : North America URC 1036B01
